Understanding Your Utility Bill

Meters are read on the 15th of each month. Your billing cycle will be from the 15th of the previous month to the 15th of the current month. Bills are sent out around the 20th of the month and are always due on the 10th of the following month. If payment is received after the 10th, a late notice with a penalty will be mailed out. Water is shut off on the first business day of each month if there is a delinquent balance. **Trash service and electricity need to be setup directly with Waste Management and Evergy. The City of Louisburg does not provide those services.**

Break down of your Bill:

GS – Gas consumption

WT – Water consumption

SW – Sewer

ST – Storm Water Fee

WP – Water protection Fee

Tax – Tax for Gas usage only

Each Service has a base charge. You will be billed for your usage on top of the base charge for Gas and Water.

Sewer Rate:

All new customers will pay \$61.13 each month. This is based on an overall average of 4,500 gallons of water consumed. We reset the average every year based on each household's water consumption through the months of December, January and February. The change will be reflected on the bill received in March that is due April 10th. The amount could go up or down depending on your water consumption during those 3 months. Once this amount is set, it will not change for a 12-month period no matter how much water you use. There are exceptions for water leaks during those months. If you have a water leak during those months, please contact Jessica at City Hall about an adjustment. The sewer rate is never pro-rated on your bill.

The City of Louisburg offers E-Billing

Contact City Hall today and ask to be set up on E-billing.
It's free and it's fast!

Never be late on your payment again. Sign up for ACH withdrawl. We will automatically withdrawl your payment from your Checking or Savings account on the 10th of each month.

We have also teamed up with the notification system Swift911. This will notify customers of delinquent bills and utility outages

Swift911 offers a mobile app free of charge. You can sign up for that service via the app or text SWIFT911 to 99538

All Services are free of charge
